

Who Should Attend?

- Nonprofit agency directors and staff
- Board members
- Block club leaders
- Officers of civic groups and community organizations
- Community volunteers

Niagara University's Office of Continuing Education and ReNU Niagara Community Outreach Partnership Center, in partnership with the U.S. Department of Housing and Urban Development, will provide a series of professional workshops on nonprofit management, program development, execution, resource development, and board leadership. These sessions are designed specifically for the nonprofit agency, staff and board members, local residents, and faith-based groups.

Workbooks and certificates of completion will be provided.

Spring 2009

The Basics of Grassroots Fundraising

Tuesday, March 10, 2009
Dunleavy Hall, Room 127
4-8 p.m.

Why learn the hard way? Learn from those who have gone before!

In this workshop, the instructor will walk participants through a local organization's actual fundraising experience. This small organization had little prior experience, but within two years raised funds and obtained grants to build a \$150,000 playground. This workshop is ideal for newer, inexperienced faith-based and community grassroots groups that want to learn how to fund community projects or service programs.

Summer 2009

Maximizing Grant Opportunities

Thursday, Aug. 6, 2009
Dunleavy Hall, Room 127
4-8 p.m.

Are you stuck trying to figure out how to fund your special project?

This workshop will provide information on the multitude of resources available to grant writers and fundraisers to search for public, private and corporate funding. The program will also discuss how to get started, ways to approach private and corporate funders and basic grantwriting tips. This workshop is geared to nonprofit organizations that have 501(c)3 designation and a strategic plan or basic project design.

All workshops are presented by a HUD representative with comprehensive expertise in these topic areas.

Fall 2009

Grants Management and Compliance

Tuesday, Oct. 13, 2009
Dunleavy Hall, Room 127
4-8 p.m.

Have you been learning about grants, applying for funding, or wondering what you're getting the organization into if it gets funded?

This course will cover the entire process from what to expect once your agency is awarded the funds all the way to the point when the grant is closed. Discussions will include the purpose and conditions of the grant agreement, how funds are released, limitations on changes to the grant, management and reporting requirements, audits and compliance monitoring, and overall procurement requirements. This workshop is designed for organizations that have yet to receive public funds and want to prepare for future funding.

"The partnership between Niagara University and HUD was a great linkage. What a beautiful setting for a presentation."

Willie Dunn
